TRANSFORMATIVE COACHING : A REVOLUTIONARY APPROACH TO ENABLE SUSTAINABLE CHANGE

A premier coach training program
delivered globally **advancing**
human potential, aligning
potential with performance

Why choose Coach Masters Academy ?

...coaching that focuses on building thinking capacity

Achieved through a process of heightening awareness and deepening learning, this differs from other coaching methodologies that employ a tactical or remedial approach more useful in trouble-shooting and problem solving.

...a proven empirical approach creating authentic change through heightening awareness and deepening learning

Our proprietary framework known as the Awareness-Clarity-Choice Conversation™ fully integrates the science of EQ and Positive Psychology creating a robust platform that results in sustainable change in coaching clients.

Through our thoughtful and well designed instructional training program, you can expect to develop your capacity to engage in deep and focused coaching conversations that help people experience a powerful shift in the thinking, align their intention with action and to act decisively toward their desired outcome.

Awareness Conversation

The “What happened” conversation that helps people to transit from reactive to receptive state of mind where they can be totally present in the NOW moment.

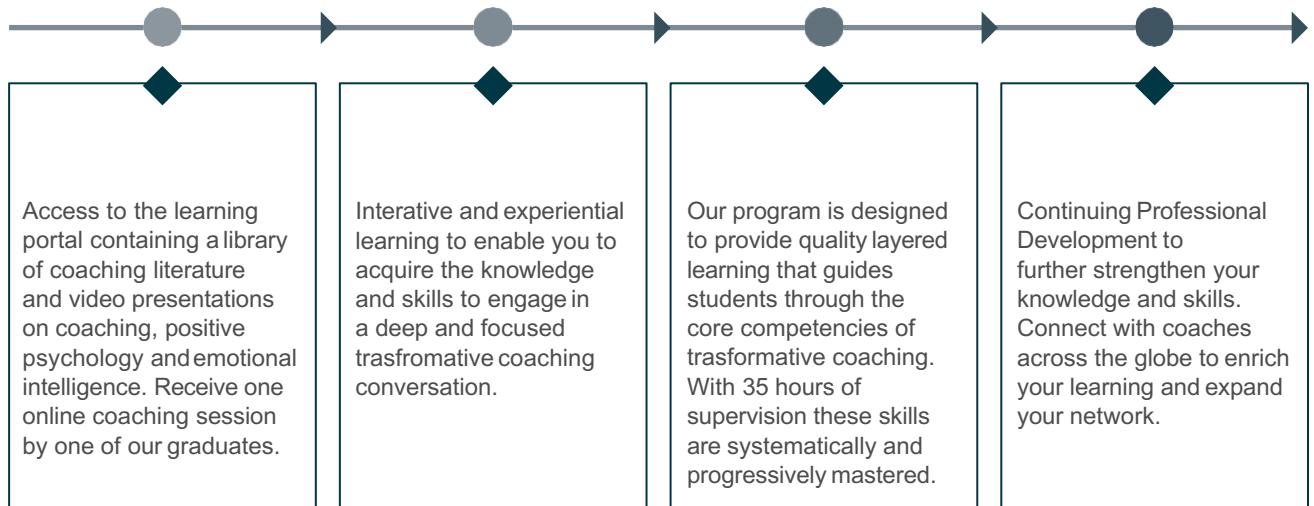

Clarity conversation

The “Meaning” conversation that helps people to uncover what really matters most to them and using this emerging understanding to align their intention with action.

Choice conversation

The “Accountability” conversation that helps people to create support structures to hold themselves true to their decision and commitment.

... a comprehensive instructional program that focuses on gaining a clear understanding of the concept and applying this learning practically

... immerse yourself in a rich and diverse learning experience

Globally present in more than 30 countries offers our students the ability to connect globally to grow their coaching network through our expanding alumni.

... a scalable program with two distinct levels of training that build on one another taking students to mastery level competency.
